Tribal Caucus – November 2012

	Requested By:	Task	Who	When	Status	EPA Response
1	Central California	Japan tsunami debris on US coast – It is on the conference agenda. Will NOAA and other Federal partners participate/input too?	John Kennedy/ Laura Ebbert		COMPLETE	Mr. John Kennedy's presentation was informed by, but did not include participation from other Agencies. That presentation is available via the Conference materials, and additional specific questions can be directed to kennedy.john@epa.gov
2	Central California	Fish Consumption Study – Please invite Fraser [Shilling] to come back to another RTOC meeting in 2013 for an update.	Mariela Lopez/ Corn Antone		COMPLETE	Mr. Fraser Shilling co-hosted a conference session entitled: California's Tribal Fish Consumption Study & Statewide Mercury Program. RTOC Coordinator will work with the Tribal Co-Chair to determine if the RTOC should invite Mr. Shilling back for another RTOC session in the future.
3	Central California	One day RTOC at conference – Not acceptable, decision not made in consultation with RTOC reps.	Corn Antone		COMPLETE	The Tribal Co-Chair made an executive level decision based on the resources that were available, and shared that decision with Tribes beginning a year in advance of the meeting.
4	Central California	NCAI – Request update from anyone that attended.	Laura Ebbert/ Enrique Manzanilla		COMPLETE	Enrique Manzanilla provided an update to NCAI during his response to Tribal Caucus Report at the RTOC Meeting on Monday, November 26. Materials presented by the EPA at that meeting were shared with all R9 Tribes via email following the session.
5	Central California	NTOC – Reinvigoration process, was it a charter change? If so, request copy to tribes.	Laura Ebbert		COMPLETE	A new NTOC Charter was signed by Chairman Clay Bravo and Administrator Lisa Jackson in July of 2012. A copy of that signed document will be e-mailed by the Tribal Co-Chair to Region 9 Tribes.
