

US EPA ARCHIVE DOCUMENT

Session One: Field and Laboratory Methods for Measuring Bioaccumulation

Peter Chapman, Panel Moderator
EVS Environment Consultants, Ltd.,
North Vancouver, British Columbia

Henry Lee II
U.S. EPA, Office of Research and Development,
Newport, Oregon
*Methods for Assessing Sediment
Bioaccumulation in Marine/Estuarine Benthic
Organisms*

Christopher G. Ingersoll
U.S. Geological Survey,
Columbia, Missouri
*Methods for Assessing Bioaccumulation of
Sediment-Associated Contaminants with
Freshwater Invertebrates*

Peter Landrum
NOAA, Great Lakes Environmental
Research Laboratory,
Ann Arbor, Michigan
Kinetic Models for Assessing Bioaccumulation
