290 BROADWAY

NEW YORK, NEW YORK 10007-1866

March 3, 2010

Mr. Edward A. Gerdts
Managing Principal
TRC Environmental Corporation
1430 Broadway – 10th Floor
New York, New York 10018

Re: February 25, 2010 Proposed Implementation Plan Amendment Request - Work Procedures for the Removal of Remnant Polyethylene Sheeting as Part of Deconstruction, 130 Liberty Street, New York, N.Y.

Dear Mr. Gerdts:

This is to inform you that the U.S. Environmental Protection Agency (EPA) has completed its review of the February 25, 2010 Proposed Implementation Plan Amendment Request - Work Procedures for the Removal of Remnant Polyethylene Sheeting as Part of Deconstruction submitted by TRC Environmental Corporation (TRC) on behalf of the Lower Manhattan Development Corporation for 130 Liberty Street in lower Manhattan.

Based on our review, and in consultation with the New York State Department of Labor (NYSDOL) and the New York City Department of Environmental Protection (NYCDEP), EPA accepts the above-referenced proposed amendment.

EPA's acceptance is not intended as a review and/or acceptance of structural engineering and safety matters or requirements for the protection of worker safety and health or for fire protection and safety at 130 Liberty Street. EPA is relying on the New York City Department of Building's, the U.S. Department of Labor Occupational Safety and Health Administration's and the New York City Fire Department's expertise in these areas, respectively.

EPA will continue to work with our regulatory partners to monitor the 130 Liberty Street activities throughout the execution of the project.

Sincerely,

Pat Evangelista
Director, Office of Strategic Programs
